## **Report of Police Department**

Another year of duty for my department has come to a close. We had problems of a more serious nature this year and as a result more hours were involved than in previous years.

One problem was Christine Lake which involved twenty-six hours. This year we are hoping this problem can be solved by having no drinking of alcoholic beverages and restrict the hours on swimming.

We answered fifty-six calls and patrolled the highways which also included Christine Lake, South Pond, and Pike Pond.

Frederick Benway, William Joyce, and Lawrence Parks were put on as Special Officers, who served without pay.

We wish to thank all those who cooperated with us during the past year.

Respectfully submitted,  
DONALD CROTEAU  
Chief of Police

# Health Report

January 3, 1968

Mrs. Lillian Thompson  
Town Clerk, Stark, N. H.

## To the Citizens of the Town of Stark:

In 1968, 41 visits were made in the community. These visits are classified as follows:

Administration and Promotion	4
Crippled Children's Services	2
Health Supervision	34
Postpartum	1

The following Immunizations were administered in the community: Polio 24, Diphtheria, Whooping Cough and Tetanus 8, Diphtheria and Tetanus 15. Hearing testing was done on 40 children. In addition to the above, preschool children also attended the Immunization Clinics held in Northumberland. Five children have attended the Crippled Children's Clinics in Berlin, and one child had attended the Pediatric Cardiology Clinic in Lancaster.

The opportunity to receive the benefits of medical science and enjoy good health has become a basic human right.

Today, your community is faced with the challenge of chronic illness and especially with the need to provide a gamut of supportive services for people in their homes. To meet the challenge, Public Health Nursing services must be available in your community. Service that will help all citizens reach and maintain optimal health and reach the people where they are. The accent should be on cooperative undertakings. Coordination will have to be achieved not only horizontally within each community, but also vertically, between smaller and larger communities.

Supporting and sponsoring service is a community's expression of concern for individuals, its investment in human resources, and its wish to help individuals realize their maximum potential. Your community needs this service now, and immediate planning should be undertaken to mobilize the resources to meet the health needs in your community.

It has been a pleasure over the years to serve the Citizens of Stark, and I wish to express my gratitude for their cooperation.

Respectfully submitted,  
ELEANOR D. KENNEY, R. N.  
Public Health Nurse, District 2  
N. H. State Dept. of Health

## Report of Superintendent of Schools

It doesn't seem possible that school meeting time has arrived, but the old adage time and tide waits for no man is very apropos so it is again my distinct privilege to be able to relate to you the educational events and highlights of last year and the report will, also, include areas of importance to date.

Presently, we have enrolled in the Stark School 71 boys and girls and I am sure we are all quite concerned with the very heavy load that our teachers have. The suggested elementary minimal class size is 25. Our teachers have been condescending and obliging in putting up with these Herculean figures. However, if many more families move into town something, of course, will have to be worked out. Let's keep our fingers crossed that the load doesn't increase. There are, of course, alternatives which in a case of emergency the Board could put into effect, but I do think the townspeople should be aware of the very large enrollment.

We certainly are pleased with the way Mrs. Jones has taken over the organization of the school. We all knew that she had the ability and, of course, the backing of the School Board and the town, and, of course, we also realized that Mrs. Martin had done such a wonderful job that it would be difficult for anyone to follow in her footsteps. From every indication Mrs. Jones is more than up to the task and accolades are due to her. She has worked very conscientiously with Mrs. Pepau who is our instructor in Grades 1 to 3 and I know has assisted her in many ways and, of course, credit must be given to Mrs. Pepau for stepping into a real challenging situation. It is not easy for a new teacher to handle 36 children, especially with the variety of ability levels that are in evidence.

The secret of elementary education is refined grouping according to reading readiness, general aptitudes and innate abilities. That is why we would like to see in the very near future these class sizes broken into smaller groups so our children would have the same advantages that other schools offer their people. This could be done with the hiring of a teacher aide and possibly utilizing the present town hall. Of course, there are other approaches that the Board will and can study.

This year we were fortunate in having Miss Irene Goulet from Groveton relate to us the wonderful experiences that she had in Israel as a member of the International Farm Youth Exchange program. Miss Goulet was there for six months and brought back some wonderful slides and made a very interesting educational talk.

Mrs. Parka, a Korean teacher and lecturer, also visited the school and lectured to the children about her life and how much she appreciated her education. She has been very instrumental in establishing and starting the new schools in Korea.

Mrs. Pepau attended and completed an Extension Course on the Nature and Needs of the Intellectually Handicapped held at Groveton High School.

This year in October the children were administered tests in Grades 2, 4, and 6 as part of the statewide testing program. This program tests aptitudes and intelligence. The program is sponsored by the state and the town is not obligated for the materials or scoring of same. This was done through a federal program.

A Thanksgiving and Safety program was given in November and the children's work in Art and other subjects was on display for the parents and friends to see as the program was at the town hall.

For the second time, Stark School was fortunate in having demonstrations in pastel arts by a professional artist who demonstrated and he, also, instructed the children in the use of pastels, various blending, and colors. Also, through the ARISE program sponsored by Title III, the Montgomery Folk Dancers performed giving various folk dances from different nations.

The 5th and 6th grades participated in the annual prize speaking contest at the town hall which was very well attended.

In April, the yearly Spelling Bee was sponsored by the Manchester Union Leader and was held in Berlin. Kathleen D'Anjou was the champion from the Stark School and Irene Croteau the runner-up.

The 6th grade with Mrs. Martin, Donald Croteau and Mrs. Robert Rolfe acting as chaperones and chauffeurs visited the Granby Zoo at Quebec Province. It proved to be a most educationally rewarding and enjoyable trip. The students were very well behaved and all concerned felt it was very worthwhile.

The graduating ceremony for the 6th grade was given in June at the Stark Church and was extremely well done and an unusually large attendance was at hand. There were 12 students in the program. Each one is to be commended for a very well rehearsed and informative part in the program.

The last day of school a picnic was held on the school grounds. Races, games and singing were enjoyed by everyone.

During the year both Mrs. Jones and Mrs. Martin and this year Mrs. Papau attended curriculum meetings at the Groveton School so that our subject matter offerings will be correlated with the offerings given in Grades 1 through 6 at the Groveton School. These meetings are of great value and, I think, our students will benefit from same.

Again, as always, I would like to personally thank the students and parents for their cooperation and, of course, the assistance of the town for supporting our fine educational program.

Respectfully submitted,  
LINWOOD E. CLARKE
